Hi Noel,

Please see Steve's edits to the 'Process' Document shown in tracked changes. If you are ok with them, I included a clean version of the document for you to sign and include in your plans.

Please print this document as well as the 'Requirements' Document on a Plan Page and submit 5 sets to the Building Section for each of the BLD permits for Lots 9 and 10 (BLD2016-00160 - Lot 9; BLD2016-00158 - Lot 10).

Thanks

Hi Noel,

Not yet, Steve is reviewing. We should hear back shortly.

In the meantime, please send confirmation of coverage under the State General Construction Permit and current Stormwater Pollution Prevention Plan (SWPPP).

Also, I believe the woodrat survey for Lots 9 and 10 has expired (only good for 30 days).

Thanks
