**COUNTY OF SAN MATEO**  
**COYOTE POINT MARINA**  
**2017 MAINTENANCE DREDGING PROJECT**

**COUNTY PROJECT NO. OD432**  
**PROJECT FILE NO. E4953**

**ADDENDUM NO. 1**

TO ALL PLAN HOLDERS:

The following **Addendum No. 1** to the above referenced project, dated May 12, 2017, shall be included in the project plans and specifications.

1. Page ii of the Table of Contents Section shall be replaced in the Project Specifications:

**Replace page ii of the Table of Contents Section with page ii (rev. 1).**

2. Exhibit D in Appendix E Permits shall be replaced in the Project Specifications:

**Replace Exhibit D with Exhibit D (rev. 1) and Letter dated May 18, 2017 (2 pages) from the Department of the Army Dredged Materials Management Office.**

***Please sign and return the attached "Receipt of Addendum No. 1" form. The "Receipt of Addendum No. 1" form MUST be received in this office no later than 4:00 PM, Monday, June 5, 2017 or the bid will NOT be considered. The Receipt of Addendum can be faxed to Gil Tourel's attention at (650)361-8220 or email at [gtourel@smcgov.org](mailto:gtourel@smcgov.org).***

If you have any questions or require additional information, please contact Eric Chen, Wency Ng, or Gil Tourel of our office at (650) 363-4100. They can also be reached by e-mail at:

## **TABLE OF CONTENTS (Continued)**

### **SPECIAL PROVISIONS (Continued)**

#### Section

- 10. Construction Waste Management
- 10-1. Diversion Goals
- 10-2. References and Resources
- 10-3. Waste Management Plan and Daily Transport Report
- 10-4. Waste Management Plan Implementation
- 11. Mobilization and Demobilization
- 11-1. Water Pollution Control
- 23. Dredging
- 24. Temporary Relocation of Fuel Dock

Note: Gaps in Section numbering, above, indicate that the Section is either blank or does not apply.

### **APPENDIX A**

County of San Mateo Waste Management Plan Form  
Waste Management Daily Transport Report

### **APPENDIX B**

Sample "Payment Bond" Form  
Sample "Performance Bond" Form

### **APPENDIX C**

Daily Personnel and Equipment Log

### **APPENDIX D**

Construction Claims:  
Public Contract Code Sections 9204 and 20104 et seq.

### **APPENDIX E Permits**

- EXHIBIT A San Francisco Bay Conservation and Development Commission (BCDC):  
BCDC Permit No. M93-14 (Amendment No. Two)  
Time Extension Letter
- EXHIBIT B California Regional Water Quality Control Board:  
Certification Letter  
Notice of Exemption
- EXHIBIT C Department of the Army Permit
- EXHIBIT D (rev. 1) Dredged Material Management Office (DMMO)  
Determination of Suitability for In-Bay Disposal
- EXHIBIT E: Minor Repair Permit (for Temporary Relocation of Fuel Dock)

**EXHIBIT D**

**DREDGED MATERIALS MANAGEMENT OFFICE (DMMO)  
AGENCIES' DETERMINATION OF  
SUITABILITY FOR IN-BAY DISPOSAL**

**The Contractor is advised that the attached DMMO letter of determination dated May 18, 2017, is informational only and should have no effect on contractors' ability to bid on this project.**

DEPARTMENT OF THE ARMY  
SAN FRANCISCO DISTRICT, U.S. ARMY CORPS OF ENGINEERS

SAN FRANCISCO, CALIFORNIA 94103-1398

MAY 18 2017

Operations and Readiness Division

SUBJECT: File Number 26774S: Coyote Point Marina, Maintenance Dredging; Episode 1A;  
Test Results; DMMO Serial Number: 17-034

Mr. Sam Herzberg  
County of San Mateo  
Parks and Recreation Division  
455 County Center, 4<sup>th</sup> Floor  
Redwood City, California 94063

Dear Mr. Herzberg:

The Dredged Material Management Office (DMMO) is an interagency group comprised of representatives from the U.S. Army Corps of Engineers, the U.S. Environmental Protection Agency, the San Francisco Bay Conservation and Development Commission, the San Francisco Bay Regional Water Quality Control Board, the California State Lands Commission, and state and federal wildlife agencies. At the meeting on May 17, 2017, the DMMO completed its review of the sediment test results presented in the document prepared by Haley and Aldrich, Inc. entitled, "Results of Chemical, Physical and Biological Testing of Sediments from the Coyote Point Marina," dated May 2017. The test results are for the approximately 52,000 cubic yards of sediment proposed to be dredged to a design depths of -8, -10, and -12 feet mean lower low water (MLLW), plus an overdepth allowance of 1 foot, from the Coyote Point Marina (Marina) located in San Mateo, San Mateo County, California.

The members of the DMMO are recommending to their respective agency's management that the sediment proposed for dredging from the Marina, as characterized in the above-referenced document, is suitable for unconfined aquatic disposal at the Alcatraz Dredged Material Disposal Site (SF-11).

**Also, please be advised that this letter does not constitute an authorization to proceed with your dredge project. You must first obtain appropriate Federal, State and local authorizations and provide all appropriate notifications.**

If you have any questions regarding this matter, please call Mark D'Avignon at (415) 503-6806 or email at mark.r.d'avignon@usace.army.mil. If you wish to write, please address your letter to Mark D'Avignon, Operations and Readiness Division, and refer to the file number at the head of this letter and include the dredge episode number.

Sincerely,

James C. Mazza  
Chief, Dredged Material Management Office  
Operations and Readiness Division
