Addendum No. 1 – RFP – On-Call Special Inspection and Material Testing Services

Q4 In reviewing the RFP, it appears that the certification requirements presented in Section II, Part 2.2, Item 2. C. may require revision.

As written, it requires: Certified Welding Inspector (CWI), Non-Destructive Testing (NDT), Ultrasound Testing and Magnetic Particle Testing (UT-MT) Inspector certified by the American Welding Society (AWS).

I believe this item should be as follows:

- c. Welding inspections by a Certified Welding Inspector (CWI) certified by the American Welding Society (AWS), and Non-Destructive Testing (NDT) Ultrasound Testing and Magnetic Particle Testing (UT-MT) by an American Society for Nondestructive Testing (ASNT) Level II Inspector.

R4 Section II, Part 2.2, Item 2. C. should be updated to reflect to following changes: “Certified Welding Inspector (CWI), Non-Destructive Testing (NDT), Ultrasound Testing and Magnetic Particle Testing (UT-MT) Inspector certified by the American Welding Society (AWS)” shall be edited to read, “Welding inspections by a Certified Welding Inspector (CWI) certified by the American Welding Society (AWS), and Non-Destructive Testing (NDT) Ultrasound Testing and Magnetic Particle Testing (UT-MT) by an American Society for Nondestructive Testing (ASNT) Level II Inspector”

Q5 On page 7, 3.2 D (1) instructs to place all cost and pricing data in a separate sealed envelope clearly marked “PRICE PROPOSAL” whereas 3.3 A. (1) allows electronic submission.

3.3 A. (7) Proposal Format includes pricing.

Please confirm that we can submit one proposal file electronically.

R5 Please attach the price proposal as a separate file in the electronic submission, together with the standard proposal.

Q6 3.3 A. (1) instructs to state proposer name, RFP title and number in each filename. The RFP title is too long and may corrupt the PDF file.

Please confirm the following will suffice as the file name: FirmName_On-Call SI&T_RFP 2021-001
